"Avangate has always been a great partner for us at Bits. To be fair we do welcome all, but Avangate have been very proactive about working with software vendors who we both think would be a good match for Bits. Avangate has us as a featured partner and that certainly does help in attracting the right offers."

Nico from Bitsdujour

"Avangate is offering various features, especially in white label, that suit us the best and help with conversion."
