

How Kaspersky Lab Increased Sales by over 20% with In-App Purchasing

Avangate Client Success Story: Kaspersky Lab

“ At Kaspersky Lab we are always looking for ways to improve the shopping experience and to provide our customers frictionless sales mechanisms. The introduction of in-app purchasing with Avangate was a very successful project that targeted renewal customers and improved retention significantly, ”

Madina Mukhamedova,
Online Sales Manager,
Kaspersky Lab

Customer: Kaspersky Lab

Segment: ESD

Vertical: : Endpoint protection / security

Target: B2C & B2B

Project: Touchpoint Optimization

Benefits & Results:
Over 20% sales increase through in-app purchasing

Avangate Solution:
Enterprise Edition

Context

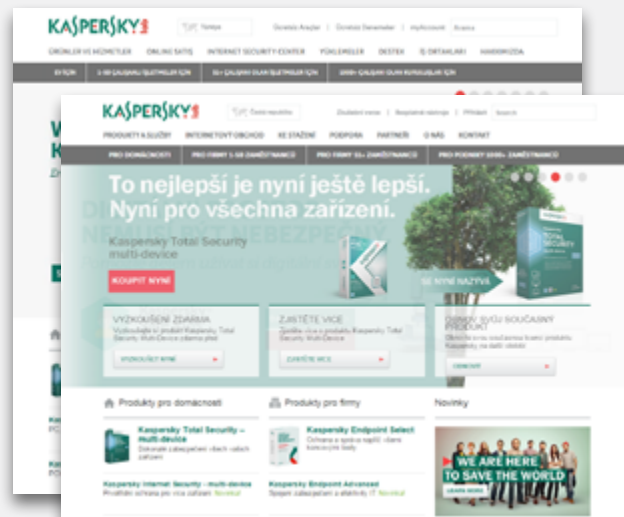

Kaspersky Lab is the world's largest privately held vendor of endpoint protection solutions and one of the fastest growing IT security vendors worldwide. Since 2011, Avangate has provided Kaspersky Lab with local e-stores, fully tailored to specific markets, including currencies, payment methods, languages, support numbers, taxation, invoicing regulations.

Solution

Avangate was recognized by Kaspersky Lab for rapid speed of deployment and playing a significant role in shaping Kaspersky Lab's online shopping experience in emerging markets. Kaspersky Lab and Avangate are working together on optimizing the customers' purchasing experience across channels and touchpoints, through frictionless selling.

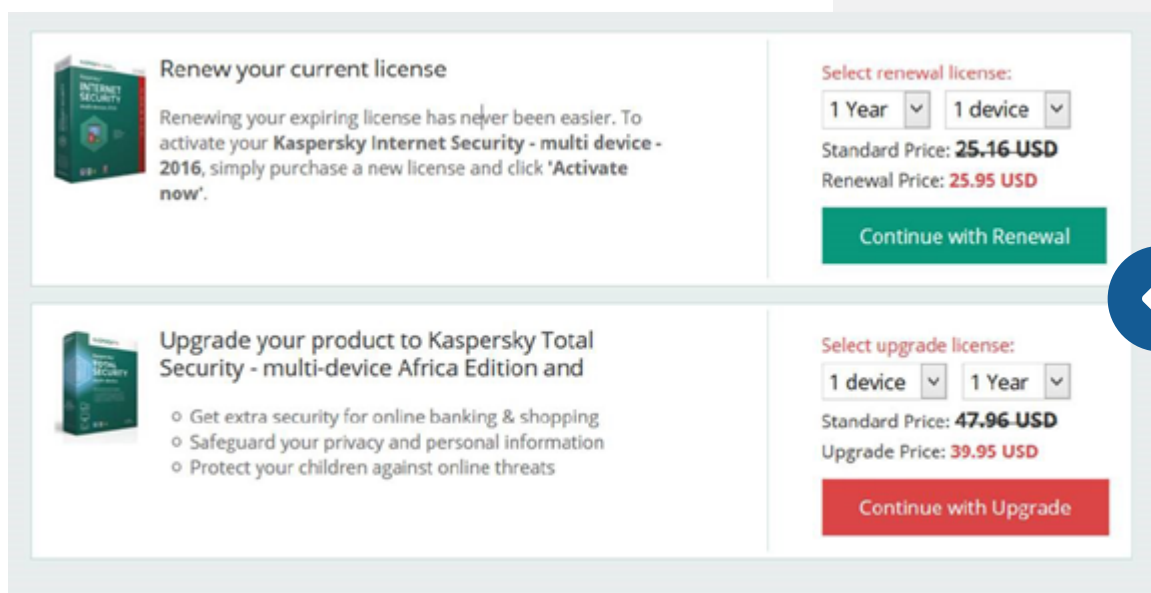

An example of such an optimization project was the introduction of in-app purchasing for African markets. The aim was for Kaspersky Lab users to be able to make a new purchase from within the application using the Avangate shopping cart.

Four purchase flows were covered within this project: Renewal, Renewal & Upgrade, Trial Conversion, Trial Conversion & Upgrade.

Kaspersky Lab introduced Avangate's In-App Purchasing to optimize the customer experience through frictionless selling.
